Welcome Aboard

# Welcome to Jetport

As one of Canada's top charter service providers for nearly a quarter century, our team at Jetport is ready to redefine what travel means to you. Let us organize a personalized experience for you, whisking you away to business and dream destinations alike. Why wait until you're at your destination to begin enjoying yourself? With Jetport's private charter service, you can make your adventure one to remember from start to finish.

Jetport was founded by a passionate business traveler with your specific needs in mind. We are a full service FBO with international access, open 24/7, 365 days a year. We offer private, secure arrivals & departures with direct access to the runway – which means no waiting upon arrival & departure.

If it's aircraft management or maintenance you're looking for, our decades of experience in chartering and operating our aircraft can help you optimize the use of your own. Our uncompromising safety and service standards drive our team each and every day, ensuring that your aircraft remains at the highest service and safety levels while keeping costs under control.

JETPORT.COM Thank you for flying with us.

## Our Aircraft

We have a range of in-house options to meet your needs – from smaller cabin to larger intercontinental range aircraft. We can also organize trips using aircraft from our reputable partner operators.

YOUR ADVENTURE, YOUR WAY

# Premium travel to world class destinations.

Let us help you plan the experience of a lifetime.

From coast to coast, or around the globe – we’re ready to take you to the world’s most exciting destinations with the utmost in relaxation and luxury. Whatever your wants or needs may be, our team will work hard to ensure we exceed your expectations.

Our versatile fleet of aircraft is uniquely suited to help you reach your dream destinations efficiently, privately and safely. Whether it’s a golf trip with your closest friends, or a once-in-a-lifetime adventure around the World, we have the means and expertise to organize the travel experience you are looking for. So go ahead, tell us where you want to go.

# A piece of Maritime heaven.

In a hectic world, Nova Scotia's Fox Harb'r Resort is a haven of civility, character, cuisine, comfortable luxury and East Coast charm. Here, morning drives are perched above the ocean. And your rush comes from exploring our great Northumberland Strait outdoors.

DIRECT ACCESS VIA PRIVATE RUNWAY

Jetport and Fox Harb'r, a truly perfect travel combination.

Indoors or outdoors, spring through to fall, there's a world of adventure waiting for you. With both a world class experience and its own private airfield, a Fox Harb'r vacation is truly the experience of a lifetime. Luxury travel meets one of the most beautiful locations Mother Nature has to offer.

# The gateway to your busy life.

Exceptional customer service and uncompromising safety standards are just two reasons that Hamilton Jetport's executive Fixed Base Operator (FBO) is the preferred choice at Hamilton International Airport (CYHM) – but our dedicated flight, aircraft, and hospitality services do not stop there. Founded by a passionate traveller for business travellers; Jetport understands your needs when selecting a full-service FBO near Toronto.

Our facility offers over 30,000 sq ft of heated hangar space – optimal conditions for aircraft storage and maintenance. Crew and passengers have access to our many amenities including private boardroom, flight planning stations, and lounges providing opportunities for productivity and relaxation.

## Privacy & Convenience

Offering a private and secure aircraft ramp at an accessible and unhindered international airport, we are minutes away from landing and takeoff and less than an hour from Toronto.

## Our Services

Jetport is a full service FBO that has been proudly serving the Greater Toronto Area for twenty years. We strive to meet the needs of modern business travellers.

## For Aircraft

With decades of experience and a world class team, Jetport provides a full suite of aircraft services:

- Open 24/7, 365 days a year
- No curfew and no slot times required
- TC & FAA recognized maintenance
- Jet-A Fuel with Prist
- Aircraft grooming
- Ground power
- Oxygen
- De-icing/anti-icing
- Catering
- Lavatory & potable water service
- Short taxi to runway

\*See our website for a full list of services.

## For Passengers & Crew

We offer a number of additional services for flight passengers and crew members including:

- State-of-the-art private and secure facility
- On-Site Canada Customs clearance (CANPASS)
- Hotel accommodations at preferred rates
- Discounted car rentals
- Gourmet catering
- Conveniently book limos, rental cars, hotels, etc.
- Comfortable, fully equipped lounges
- WiFi in the FBO & on the ramp
- And more!

# It's time you truly enjoy your aircraft.

Following the highest aviation industry and safety standards, we take care of your flight crew, maintenance, permits, safety management, accounting, and everything in between to ensure your flights are ready when and where you need them. Each time you travel, your flight crew and coordinators will arrange the flight as per your requirements, down to the smallest detail including customs, catering, ground transportation, etc.

When it comes to owning an aircraft, Jetport knows how to make the most complex procedures appear simple, leaving you to enjoy your travel with the assurance that your aircraft is being managed with the utmost efficiency. So kick back, relax, and let us take care of everything.

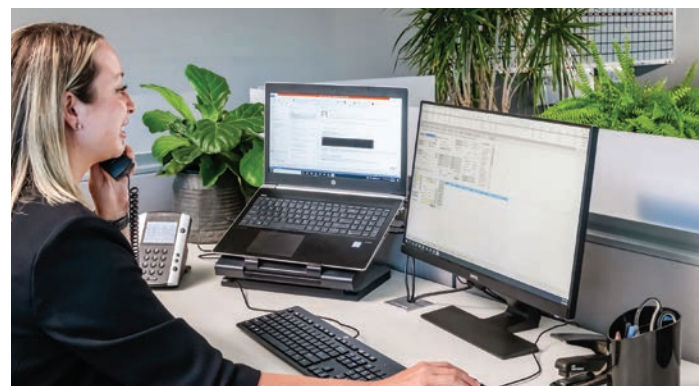

## Our Team

Jetport hand-selected pilots and flight attendants provide you with the safest and most professional flight service available in the industry. And with 2+ decades' experience maintaining its own aircraft, Jetport's maintenance team will oversee your aircraft mechanical state.

## Your Ownership

Ensuring regulation compliance, safety, route efficiency, and your overall satisfaction is our business, with our flight coordination team ready to help. Jetport is also able to rent your aircraft to seasoned charter customers so you can generate revenue and offset some fixed costs.

## Expectation vs. Reality

Efficient, seamless, and successful aircraft management is an art best handled by experts. Jetport's industry leading team, experience and competence are central to making complexity appear easy and below are just a few of the ways we make this happen. For a better look at how we take the complexity out of your aircraft management, [visit our website.](#)

- Aircraft owner's optimized system
- Expert team and processes across all key functions – flight operations, coordination, maintenance, FBO, administration, aircraft acquisition support, etc.
- Open-book transparent policy & reporting
- Top industry annual flight crew training
- Transport Canada approved 24 years' experienced operations AOC & maintenance AMO
- Competitive rates
- Proactive & advanced safety management system
- Top charter operator to reduce fixed costs
- Detailed accounting of costs
- Wholly owned secure FBO and hangar
- Expert grooming & detailing onsite
- Expert pre-purchase inspections
- Full-scope VIP service experience

# Your aircraft is in good hands.

From basic line maintenance to heavy maintenance checks, our Transport Canada approved aircraft maintenance organization gets your aircraft out of the hangar and back in the air with as little downtime as possible. As aircraft owners and operators ourselves, we understand that safety and reliability are at the forefront of your priorities.

We have developed our industry leading maintenance practices over the last two decades. Whether you operate a private jet, turboprop, piston, or helicopter, Jetport's expert aircraft maintenance engineers will work tirelessly to keep your aircraft up and running.

## Our Dedication to You

Maintaining your aircraft above and beyond industry standards is our top priority. Our Transport Canada Approved Maintenance Organization (AMO 52-98)\* has been entrusted by numerous private aircraft owners since its inception in 1998.

## We Go Further

Jetport can facilitate work on your aircraft should you have a mechanical issue while on your trip, or simply need work performed while away from your operating base. We have a professional team ready to travel and address any maintenance issue your aircraft may have.

## We Have You Covered

Below is a list containing a selection of our aircraft maintenance capabilities. If you have any questions about how we can help you, don't hesitate to contact us. Our maintenance certifications and a list of the aircraft we service can be found [on our website](#).

- Minor & major inspections
- Line maintenance
- Engine changes (piston & turbine)
- Troubleshooting & snag rectification
- Maintenance management
- Pre-purchase inspections
- Importation of aircraft
- Ministers Delegate Import/Export (MD-M) service
- Records management
